COURSES & PADDLING

Wednesday Paddling- There's quite a lot of paddling going on every Wednesday evening even though it dark. Once the clocks go forward later this month. A request for volunteers to do hut duty will be circulated soon. Please let Simon Knox know if you can help.

Taster Sessions

On the last Wednesday of every month we will be offering taster sessions where people who have not paddled before may come along and have a go. The club will ensure these sessions are staffed by competent paddlers.

Sunday Paddling - There's quite a lot of paddling going on at the hut on Sunday mornings. Timings can be a bit erratic so best to check first what time people are meeting up. E-mail or phone a committee member who should be able to let you know.

TRASHER ARTICLES

The next full blown Trasher is due at the end of July; if you have any articles you would like included please send them to Guy at KCC.TRASHER@GMAIL.COM

MINI EDITION

GRANTS

KCC a pool of funds for which members can apply for to contribute towards the cost of Coaching, Leadership or Safety course. The details of this can be found here -

AUNT SALLY NIGHT

The annual Aunt Sally evening is taking place on Thursday 7th July at the Fox Inn, Steventon.

Come along for a drink, some food and throw wooden sticks a wooden dolly. It's a little like throwing a throwline so there is some Kayaking relevance honest...

ABINGDON HYDRO

Abingdon Hydro (<http://www.abingdonhydro.co.uk/>) is a community based project to develop Abingdon Weir for hydro-electric power generation.

This has implications for the use of the weir as a kayaking venue. As such the committee have written to the organisation to request that recreational activities at weir are given consideration if any plans come to fruition. This letter can be viewed here: <http://kingfishercc.files.wordpress.com/2011/07/abingdonhydroschemeletter.pdf>
